CSCE 190 Sketches

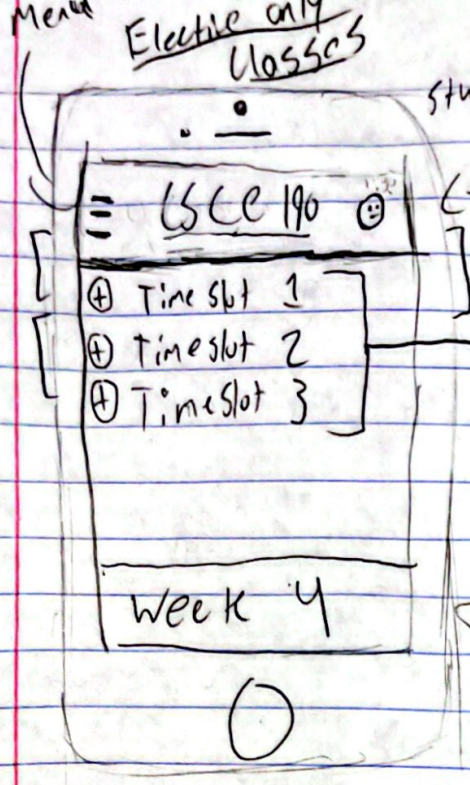
Idea 1

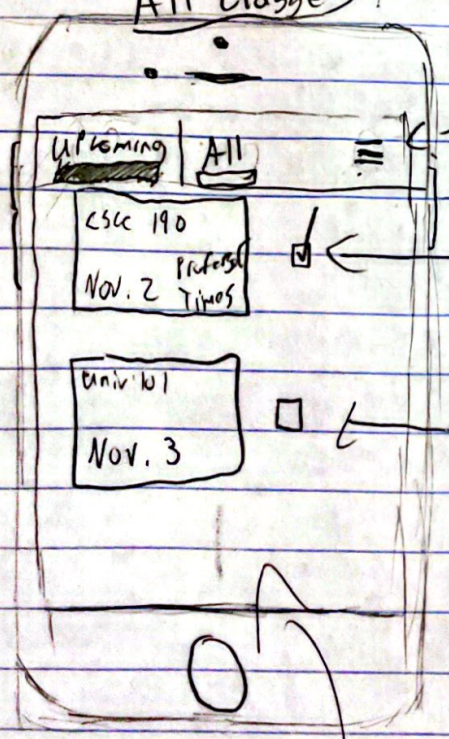


days of week/professor of the class (click into timeslot options for dif hours.)

choose classes weekly, while core classes are chosen traditionally.

Idea #2

The cockpit approach



Sign up for classes as if they were events, must reach a min amount of classes.

+ Pros: students can attend the same class multiple times.

- Cons: very dependent on the responsibility of students.

Different professor teach in different ways.

Potentially a "calendar view" or app [illegible]
